Breath of Life

Excerpt of Bruce's message dated Sunday 08/02/2026

Bible Reading: **Genesis 2:7**
 2 Tim. 3:16

The breath of God is first mentioned in the Bible when God breathed life into the clay specimen that He formed, and Adam, man, became a living soul.

The Hebrew word for breath is "ruach". The Greek word for breath is "pneuma", which means "air, wind or breath." The Hebrew word for Holy Spirit is "ruach hakodesh."

When Moses met with the Divine Creator at the burning bush he audaciously asked God for the Lord's name, "Who will I say has sent me." God gave His unpronounceable name "Yhwh." This is the sound of breathing.

Most people are familiar with the fact that when a baby is born the

midwife or the doctor whacks the child on the behind for the child to take its first breath. It seems that it is necessary for the new born babe to whisper God's name at the beginning of life. At the beginning and end of life we whisper His Divine name. When we die we breathe out our last breath and again whisper God's name. God breathed life into the Scriptures—see 2 Timothy 3:16.

A Christian song contains this beautiful concept, and may the lyrics bless you and all those who read this article.

*"Doubters and deceivers, skeptics and believers
We speak it just the same
From birth to death, every single breath
Is whispering Your name."*
